Highlights from Year 2004

Education visits (library tour) were done several times throughout the year 2004 from different school from different towns, as far as Pontianak and Balikpapan. These visits enable them to learn more about the library's collections, services, resources and physical layout of our library.

During our recent Open Day held on the 11th December 2004, the library was decorated with Christmas tree to spark up and create Christmas mood. Christmas goodies were given out to all the visitors that day. Aptitude test was conducted in the library for those who were unsure of what courses to take. Aptitude test is a popular tool for career guidance. It is a simple test to find out their interest or abilities and provide them with knowledge of their aptitudes that will help them in making decision on what courses to take.
