Important Dates

Wednesday, 01 July 2020	Online registration and abstract submission opens
Friday, 16 April 2021	Abstract submission deadline
Monday, 31 Mar 2021	Notification of abstract acceptance status
Friday, 14 May 2021	Full paper submission deadline
Friday, 30 April 2021	Registration closes
Friday, 30 April 2021	Preliminary program available
Tuesday, 01 June 2021	Notification of full paper acceptance status
Friday, 25 June 2021	Final program available
Thursday-Friday, 15-16 July 2021	Symposium

Call for Paper

*Authors are invited to submit original,
unpublished papers on the following
topics:*

- Green and sustainable processing
- Environmental and waste management
- Bioprocessing and biotechnology
- Materials Science & Engineering
- Energy
 - ◆ Energy conversion and management
 - ◆ Renewable and alternative energy

SOMCHE 2021

From the Chair

One of the most important roles for the present and future Chemical Engineers lies in the design and development of sustainable processes that can provide human needs without compromising the ability of future generations to do so. Current chemical processes rely heavily on the fossil-based resources, which are non-sustainable in the long. In response to the necessary transition to a sustainable society, modern chemical processes need to enable more efficient use of raw materials and energy preferably from renewable resources, as well as safer, and environmentally benign through minimizing emissions and pollutants at the source rather than end-of-pipe treatment.

Swinburne University of Technology together with IChemE Malaysia will be organizing 32nd SOMChE in Kuching on 15th -16th July 2021 with the aims to discuss and feature the multidisciplinary research and development advances and efforts from Chemical Engineers, related professions and associated industries in Malaysia and surrounding regions within this context.

Participants from industry are particularly welcomed to give talks on their achievements and their needs within this context. This symposium aims to provide research students, lecturers, and key academics from universities an opportunity for interaction and collaboration in research.

Plenary Speakers

Prof. Dr. Suzana Yusup
Universiti Teknologi PETRONAS,
Malaysia

Prof. Dr. Raymond Tan
De la Salle University, Philippines

Prof. Dr. Suryadi Ismadji
Widya Mandala Catholic University,
Indonesia

Prof. Sankar Bhattacharya
Monash University Australia

Prof. Taufiq Yap Yun Hin
University Malaysia Sabah,
Malaysia

Prof. Dato Abdul Wahab Mohamad
Universiti Kebangsaan, Malaysia

Dr. Harikrishna Kulaaveerasingam
Sime Darby Plantation Berhad

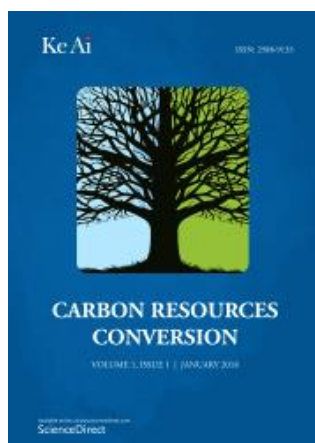

Dr. Anuar Hamid
East101 Sdn. Bhd.
Malaysia

Conference venue and programme

SOMChE2021 is the first ever virtual conference of its series.

For details on conference programme please refer to <https://www.swinburne.edu.my/events/somche2021/>

Publication

All accepted papers will be published in Scopus indexed conference proceedings.

Selected participants will be invited to publish in a Special Issue of **Carbon Resources Conversion**. All invited papers will need to fully comply with the journal guidelines and pass through the normal journal procedure.

Template for [Abstract](#), [Full Paper](#) and [Poster Submission](#). The format for poster presentation is A1 size and vertical orientation.

Sponsorship

SOMChE 2021 offers a number of sponsorship and exhibition opportunities to meet the branding requirements of your organisation to maximize your investments. Bespoke sponsorship packages are available upon request.

For more information, please email Conference Secretary at somche2020@gmail.com

SOMChE 2021

Registration fees

	IChemE Member	Non-IChemE Member
Presenter	RM 700	RM 900
Observer/non-presenter	RM 100	RM 150

How to register

Authors and participants are required to register for the conference from 5 August 2019 onwards. Refer to the [step by step guide](#) for SOMChE 2020 registration. Note that we are fully utilising **ONLINE REGISTRATION**.
