## Advanced Search

Books24x7 Advanced Search button is located on the right of the GO button.

The advanced search page is divided into three major sections.

Each section provides additional criteria that you can use to further refine your search. Use as many or as few of the criteria required to achieve the results you need.

Limit the scope of your search for precise search results.

**1 Content: Full Text** - Search the full text of each title, including the descriptive content.

- **General Info: All** - Search only the descriptive content.
- **General Info: - Titles, - ISBNs, - Authors/Speakers, Publishers** - Search only the specific Info field.
- **Content: Code Listing** - Search only text that has been marked a "Code Listing".
- **In Notes** - Search all notes.

- 2 Enter a word or phrase into the search box.
- 3 Then choose the type of search you would like to perform:
  - **Words in proximity** - Results are ranked based on how close words appear within the same page.
  - **Any words** - Results are based on the occurrence of any of the words specified.
  - **All words** - Results are based on the occurrence of all of the words within an HTML page.
  - **Exact Phrase** - Results are based on the occurrence of the phrase exactly as entered.
  - **Boolean** - Recognizes AND, OR, and NOT in your search statement as Boolean operators.
- 4 Limit the scope of your search by choosing to search a subset of the library - Search All Items, your Folders, or one or more collections.
- 5 Add up to three additional search criteria, each one with different constraints. This also allows you to limit your search to titles in a specific copyright range.
- 6 Click **Go** button. The search result list displays.

The screenshot shows the books24x7 library interface. At the top, there's a navigation bar with 'LOG OUT', 'SUPPORT', and a search bar containing 'organizational development'. Below the search bar, there are options for 'All Content' and 'All Collections', along with a 'GO' button. A 'Browse' section offers tools like 'export', 'Minus Text', and 'Tips'. The main area displays 'Search Results' for 'organizational development' in 'All Content', showing 678 titles. A 'Browse Topics' sidebar on the right lists various categories like 'Business Analysis', 'Business Skills', etc. Two book results are visible: 'Action Learning Worldwide: Experiences of Leadership and Organizational Development' by Yury Boshyk and 'Consultancy, Organizational Development and Change: A Practical Guide to Delivering Value' by Julie Hodges. Each result includes a book cover, title, author, publisher, and a list of relevant chapters.
